

**Lamp Life**  
50,000 Hours

**Efficiency** (6 watt mode)  
55 lm/W at 3000k  
60 lm/W at 4000k  
70 lm/W at 6500k

**Beam Angle Options**  
12° and 27°

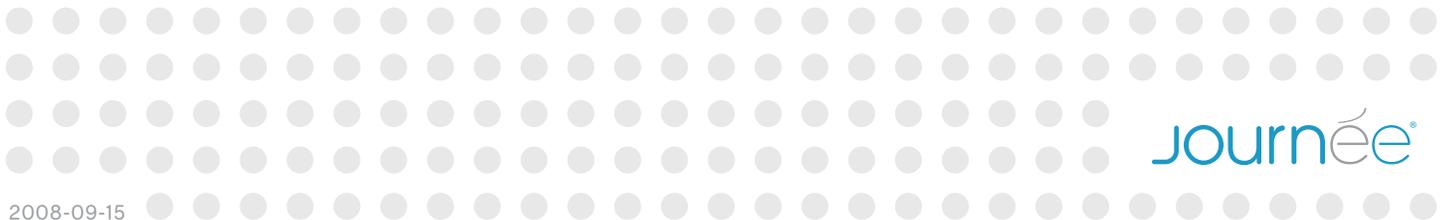

**WattageAdjust® Feature**  
Switch Between 6w / 8w / 10w

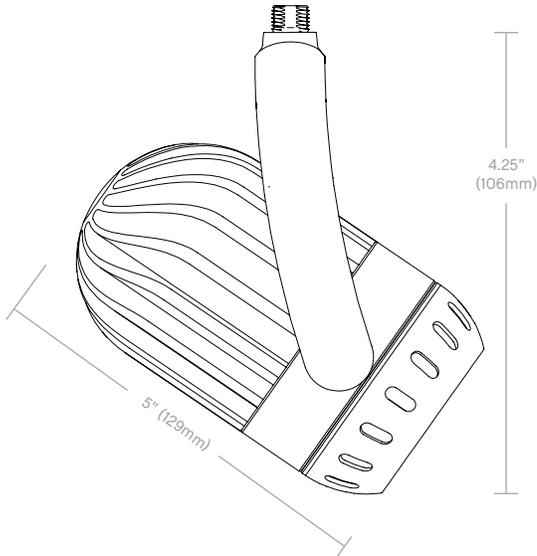

**Color Rendering Index**  
80 CRI

REMOVABLE/UPGRADABLE LED LIGHT ENGINE

\*SEVERAL PATENTS PENDING

#### DESCRIPTION

Stylized luminaire utilizing high CRI white-light LED technology

#### SYSTEM

24V Journ e Monorail or Journ e Monopoint Canopy

#### FINISH

Brushed Aluminum with clear anodized finish

#### LAMP (Sold Separately)

SPROCKET™ LED Light Engine

Field Replaceable/Upgradable

Lamp Life at 25C ambient: 50,000hrs to 70% of initial lumens

#### ACCESSORIES (Sold Separately)

Field replaceable prism lenses, louvers and colored glass filters (sold separately)

Drop Stem is modular and is interchangeable in the field to adjust the drop height

See Modular Stem spec sheet for details

#### OPTICS

The SPROCKET™ LED Light Engine is equipped with a highly efficient aluminum coated reflector with an optical efficiency of 88%

#### PHOTOMETRIC CHARACTERISTICS

##### 3000K

Wattage Mode	Efficiency	Delivered Lumens
6 Watt	55 lm/W	330
8 Watt	50 lm/W	400
10 Watt	44 lm/W	440

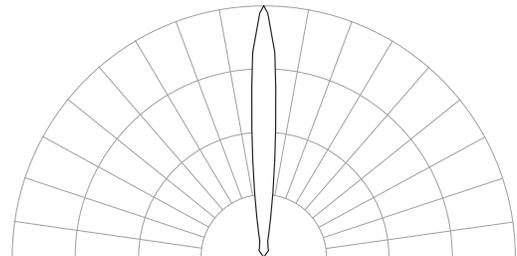

##### 4000K

Wattage Mode	Efficiency	Delivered Lumens
6 Watt	60 lm/W	360
8 Watt	54 lm/W	432
10 Watt	47 lm/W	470

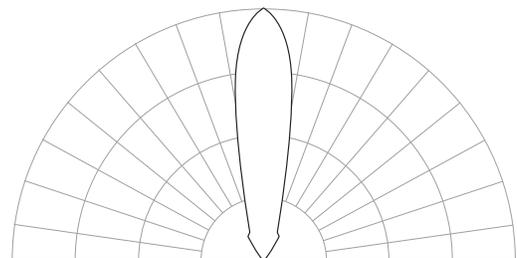

##### 6500K

Wattage Mode	Efficiency	Delivered Lumens
6 Watt	70 lm/W	426
8 Watt	65 lm/W	520
10 Watt	57 lm/W	570

#### CANDELA DISTRIBUTION

12 Degree

27 Degree

#### AZARA ORDERING INFORMATION
